

King's College
The British School of Madrid

Soto de Viñuelas

Admissions Policy (Applicable to all Three Madrid Schools)

Introduction

King's College is a co-educational independent day school (with a boarding house) for pupils aged 20 months -18 years.

Offers of places are based on a judgement about whether a child will thrive in our educational environment. Thus, the later the stage in a child's school career when an application is made, the more likely it is that there will be a requirement for existing proficiency in spoken and written English.

Children may be admitted to any year group provided that there is space, though entry into either Year 11* or Year 13 needs to be approached with caution since these years are the second phases of two-year courses. (*King's College Soto offers the possibility of a one year reduced GCSE programme in Year 11).

For the purposes of entry applicants' ages are calculated according to Spanish custom, with a 1st January birthday watershed. In cases where applicants apply from a different education system or country, the year group on entry will be considered sequentially according to their previous education system.

In exceptional circumstances, an applicant may have fallen behind in his/her education due to illness, time spent abroad, etc. In such a case, the School may offer a place in a year lower than the applicant's age would normally imply. Likewise in exceptional circumstances, the School may also offer an applicant a place in a year ahead of his/her chronological age group if it is deemed by the Head to be in the pupil's best interests to do so. Parents or guardians will be consulted before such an offer is made, but the decision as to the appropriate year for the applicant, taking into account all the relevant circumstances, is a matter for the Head, whose decision is final.

This policy and its procedures have been authorised by the King's College Board. The Board delegates authority to the Heads of the schools to identify applicants whose academic and other abilities appear to match the ethos and standards of the schools, and whose personal qualities suggest that they have the potential to contribute sufficiently to the school community and benefit from the many opportunities that are offered.

This policy is for guidance and will be adapted by the school from time to time as circumstances require.
