Soto de Viñuelas

Summer Camps 2023

King's College Soto de Viñuelas offers four excellent camps where you can combine language learning with the activities you are passionate about, and tailor it to your interests with our optional activities.

An **inspired** school

Welcome

King's College, Soto de Viñuelas offers a complete summer experience tailored to the needs and passions of every child from the age of 3-17.

Our aim is to ensure that they not only have a summer-fuelled with fun and adventure, but that they have the opportunity to learn new skills, acquire or refine their use of language (English or Spanish), try their hand at something new and have the chance to make new friends; ultimately letting them live the most unforgettable summer experience!

Thanks to our first-class onsite boarding residence, our camps offer not only day options, but also residential ones.

Depending on the camp, we provide two types of accommodations. Premium lodging in double to quadruple rooms with private bathrooms or a classroom bunk house (dormitory of 8 to 10 pupils) with shared bathrooms.

Our variety of different camp options all include excursions, allowing campers to truly immerse themselves in local culture and make long-lasting memories.

All our camp experiences offer an outstanding opportunity for young people to grow self-confidence, skills, creativity, assertiveness and healthy habits. So don't miss out on this fantastic opportunity, as places are limited; discover more and contact us to reserve your spot now!

all over the world

LOCATION

King's College
Soto de Viñuelas,
Tres Cantos, Madrid

Our programme is designed for boys and girls who would like to train with the best professionals, learn the most advanced football techniques, as well as participate in a variety of educational activities related to the REAL MADRID values of leadership, self-control, teamwork, effort, and respect for others.

All combined with language learning in a healthy and safe environment, with first class facilities, assisted by a team of highly qualified professionals, both in sports and the linguistic fields.

FOOTBALL

3 hours of practice per day taught by professional coaches from Real Madrid Foundation Campus Experience, divided into 1.5 hours of daily training and 1.5 hours of matches and competitions.

LANGUAGES

(English)

Our courses are based on the communicative approach to learning the language. Classes focus on teaching students useful and practical language skills in a dynamic and engaging way with a football theme.

INTERNATIONAL CAMP

Students from
all over the world

LOCATION

King's College
Soto de Viñuelas,
Tres Cantos, Madrid

The combination of English or Spanish and sports is the fundamental basis of this course. Languages are taught throughout all the camp and reinforced in daily classes (English or Spanish) using the 4 key language skills (listening, writing, reading and speaking).

Students will develop these skills working creatively through sports, cooperative games, songs, crafts and science projects, as well as through the use of new technologies both inside and outside the classroom.

The aim is to achieve the balance of fun and learning so that our young students can make the most out of their language course.

The camp's major goal is to make language immersion fun and natural. Our mission is to promote language acquisition through innovative activities that improve personal communication skills.

Students focus on learning a foreign language as a tool to achieve other goals, allowing them to realise the value of what they have learnt.

Sports, collaborative games, workshops, arts and science activities form the foundation of this camp, allowing students to develop teamwork and cooperation skills, social abilities, and increasing self-confidence and autonomy.

Campers in residence will be able to choose from three alternative themes for their afternoon activities: athletics, creative performing arts or arts and crafts.

INTERNATIONAL CAMP

Students from
all over the world

LOCATION

King's College
Soto de Viñuelas,
Tres Cantos, Madrid

This dance, music and performance camp is developed in English. The main objective is to improve artistic skills while practicing the language. Through theatre, dance and music, students will develop artistic skills and teamwork abilities among children of different ages.

Through different techniques, games and workshops, we represent a play the last Friday of our Summer camp under the direction of our specialised teachers.

This play includes all aspects of Performing Arts, such as singing, dancing, acting, body language and improvisation.

Classes are designed to boost confidence and improve English language skills. Participants explore improvisation, creative theatre techniques, music, dance and drama games throughout the course.

All pupils have the opportunity to perform in a final stage production; a play or musical.

The programme includes workshops on stage preparation and body language, as well as components that are not shown in a play, such as attrezzo preparation, make-up and costumes.

During the course, students learn how to work and play in a team, as well as how to be an inspiring leader.

English & Performing Arts

LOCATION

King's College
Soto de Viñuelas,
Tres Cantos, Madrid

Our camp is especially designed for three to five-year-olds, who are fully immersed into the English language through engaging lessons that nurture children's personal and social growth.

We focus on topics that are crucial for successful coexistence now and in the future.

English language learning takes place in stimulating environments through a playful and educational programme in which music and psychomotor skills are the main pillars.

Our friendly, experienced staff work at all times to ensure the well-being and safety of your child, as each class is taught by a teacher and supported by a monitor.

ENGLISH CLASSES

We work to create a pleasant and stimulating environment with a creative methodology based on the use of practical teaching methods such as storytelling, crafts, music and dance. As a mechanism for acquiring language without even realising it. We rely on highly skilled and experienced teachers who are in charge of building a practice and interaction-based learning environment.

ACTIVITIES

We have created an engaging, hands-on programme in which children can develop their creative, motor, and cognitive skills in a fun atmosphere while being constantly exposed to English.

English for Infants

INCLUDED DAY AND RESIDENTIAL CAMP

OPTIONAL SERVICES

- ▶ Fully qualified and trained English speaking teachers and monitors

Location

King's College is a prestigious day and boarding school which provides British education for children from the age of 2 to 18 years during the academic year.

It's located on an attractive 12-acre site in the countryside between Madrid and the Guadarrama mountains and is well connected to the city centre by road, rail, bus and air; due to its close proximity to the Madrid-Barajas international airport.

Since it was founded in 1969, King's College has gained a reputation for high academic standards and excellent academic results with students going to the best universities in Britain, the United States, Spain and many other countries.

The location is perfect for students looking to explore Madrid as well as immerse themselves in this unique Boarding school experience sharing accommodation and activities with both local Spanish and international young people.
